

LAND USE PERMIT N-47385

SPECIAL STIPULATIONS

The permittee agrees to comply with the following stipulations:

1. This permit is contingent upon the permittee maintaining a current permit with the Nevada Department of Transportation for the subject sign.
2. This Land Use Permit will be subject to the rights granted to the Nevada Department of Transportation under highway Rights-of-way CC-020942 and Nev-08404; and material site Nev-061577. Should the proposed sign conflict with any uses under these valid existing rights, it will be removed.
3. If any maintenance on the billboard needs to be conducted, try to avoid doing it during the critical avian nesting period of March 1st through August 31st. If active nests are located on the billboard, a BLM biologist shall be notified immediately and appropriate protection and/or avoidance measures will be established. Nesting activities may include eggs or young present in the nest and adult behavioral displays (e.g. dive-bombing, faking injury, agitated calling, etc.).
